

Something to Consider

As you survey your life do you find it full of activity but empty of meaning? If the answer is “yes” then you are in the overwhelming majority of Americans. If people are not mindful of where and how they spend their time they become more and more self-centered and their whole being will begin to reflect that self-centeredness. And when the question arises, “How can I get to feeling better?” No matter whom they ask, a member of the clergy, a psychologist, a medical doctor, they will hear the same answer. “Quit focusing on your self and seek to help others.”

Actor, Danny Thomas said, “Success in life has nothing to do with what you gain in life or accomplish for yourself. It's what you do for others.”

Do you want to make a living or do you want to make a difference? NBC News Anchor, Tom Brokaw said, “It's easy to make a buck. It's a lot tougher to make a difference.”

If you would like to focus on others and make a difference, if you are one of the few who desire to invest your life in something bigger than yourself then consider becoming a volunteer at Woodland Heights Medical Center. Call 637-8755 and speak with Rick Williams, the director of the VIP (Volunteers Investing in People) program.

Paul Revere earned his living as a silversmith but what do we remember him for? His *volunteer* work. Why not go down in history as one who gave of their time and energy for the betterment of their community? Become a Volunteer at Woodland Heights.

The principle is well known around the church; if you want something done well, ask a volunteer. It is true outside the church, as well. Have you ever stopped to consider it was a group of volunteers who built Noah's Ark but it was professionals who built the Titanic!

Woodland Heights Medical Center is looking for people who want to put others first and volunteer. This hospital has positions for those who want to work with the public as well as those who would rather work behind the scenes. If you are one of the few who have what it takes then call Woodland Heights and talk with Rick Williams. (637-8755)

Let this mind be in you, which was also in Christ Jesus...and became a servant...
Philippians 2:5, 7

God called on volunteers to build a boat.

Man called on professionals.

Noah's Ark survived the Great Flood.

The Titanic...well.

Like God, Woodland Heights Medical Center is looking for Volunteers.

Interested?
